## Upgrading of Rear Kitchen and Toilet Areas

### What is proposed?

- Replacement of the flat roof structure to improve insulation.
- Larger roof lights to provide more natural light and a more open feel.
- Full refit of the kitchen with new units, fitted fridge, dishwasher and cooker.
- Merging of the two small toilet areas to create one family-friendly unisex toilet.
- Retention and updating of the disabled toilet facility.
- Improved air extraction, heating and lighting.
- Extensive tiling and full re-decoration.
- Replacement windows, rear of hall.

### When will this be happening?

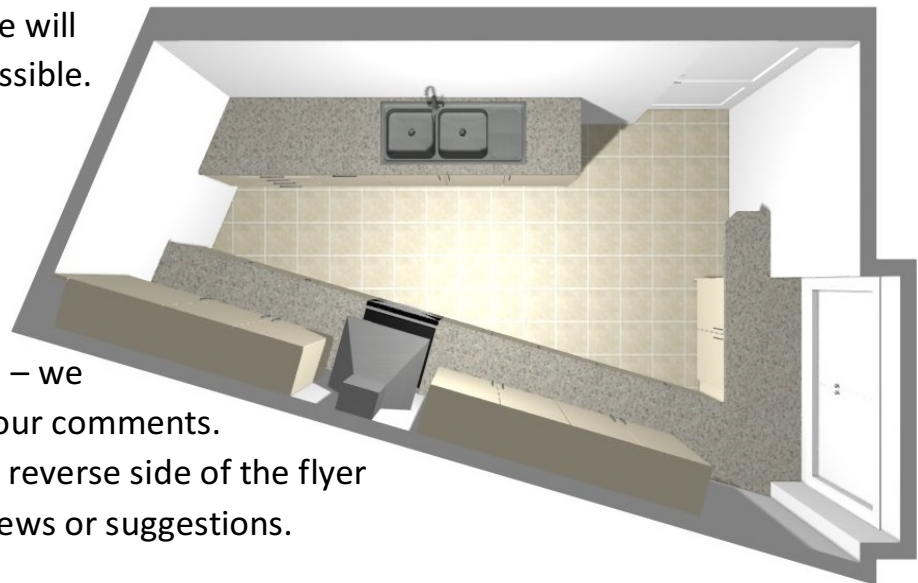

Summer 2018, to align as far as possible with the school summer holidays<sup>A</sup>.

During the works, the rear kitchen & toilets will be closed and there will be limited access to a reduced size hall. We will support regular users where possible.

### Your views and suggestions are very welcome

These changes are primarily being made to improve the experience of our regular users – we are therefore keen to receive your comments.

Please complete and return the reverse side of the flyer or respond by email with any views or suggestions.

### Funding and fundraising

The total cost of this work is expected to be around £72,000. This will be paid for from a combination of Community Centre surplus monies, a developer community contribution (ref Racecourse View), grants (applications ongoing) and specific fundraising. All contributions gratefully received, to donate please visit:

<https://mydonate.bt.com/charities/cottenhamcommunitycentre>

Note A: Start date and duration of works will depend on funding, contractor availability and weather conditions. We hope to commence work in July 2018 and complete everything for October 2018.
